

HP Color LaserJet 2605 series printer

2605dn • 2605dtn

Add brilliant color to your business documents with an affordable desktop printer that delivers outstanding performance in an easy-to-use design.

Performance

- **Count on speed.** Boost user productivity and support easy workteam sharing with fast print speeds—up to 12 pages per minute (ppm) for black-and-white documents (up to 10 ppm color). Plus, Instant-on Technology delivers the first page in as little as 20 seconds from a cold start. You can finish entire jobs before competing printers have even warmed up.
- **Easily manage the printer and its supplies.** The intuitive, two-line, 16-character display makes it easy to set up, use, and maintain the printer and its supplies, taking the guesswork out of cartridge replacement. Increase the productivity of your office, with support for HP Web Jetadmin peripheral management software and convenient online supplies ordering via HP SureSupply.¹

Dazzling color

- **Enhance your documents with brilliant color.** With HP ColorSphere toner and HP ImageREt 2400, your documents are as dynamic as your business. HP ColorSphere toner is designed together with the printer to provide consistent, sharp color. Now you can easily integrate realistic images and photos into business documents.
- **Enjoy effortless color printing.** HP Smart printing technology² enables communication between the HP print cartridges and your printer—triggering automatic adjustments that optimize print quality and reliability.

Value

- **Depend on industry-leading performance and reliability.** Enhanced print drivers help you get the most from your Windows® or Macintosh environment. Print complex documents using sophisticated printer languages, with support for HP PCL 6 and HP postscript level 3 emulation. Broad compatibility ensures consistent, predictable results, regardless of the platform or operating system.
- **Expand your printing options.** Office printing just got easier and more versatile—with two-sided printing, a built-in photo memory card slot, and an input capacity of up to 500 sheets.³ Configure the printer to meet your specific needs.
- **Share your printer with built-in networking.** It's easy to share printing functions with a built-in print server that connects to a 10/100 Base-TX Ethernet/Fast Ethernet network.³

HP printing and imaging systems help you create powerful, professional communications easily. HP printers, supplies, accessories, and services are designed to work together and are invented to meet your business needs.

- 2,500-page HP Color LaserJet Black Print Cartridge with HP ColorSphere toner⁴
- 2,000-page HP Color LaserJet Cyan, Yellow, and Magenta print cartridges with HP ColorSphere toner⁴

HP Color LaserJet 2605dtn printer

2605dn model, plus:

- 250-sheet input tray 3 for a total input capacity of 500 sheets
- Photo memory card slots

⁴ Approximate page yield based on five percent page coverage.

Create professional documents and brilliant photos with HP ColorSphere toner. The printer's supplies are engineered to provide sharp text and graphics with consistent color quality throughout the life of the printer.

Color communicates more effectively

Statistics show that color improves comprehension, increases readership, accelerates learning, and reflects a professional image. No matter what your business creates, you can't afford not to use color. Print in color to produce more effective internal communications, including memos, e-mail, and spreadsheets. Create external communications—such as reports and proposals, letterhead and business cards, and presentation handouts—in color for a professional appearance. Develop full-color attention-getting marketing collateral that differentiates your business, such as brochures, flyers, and ads.

The HP Color LaserJet 2605 series printer easily and affordably brings the advantages of high-quality laser color to your business.

Superior HP print quality

The HP Color LaserJet 2605 series printer features an enhanced version of HP ImageREt 2400, a suite of innovative technologies developed to provide high-quality color documents and images. These color laser technologies include HP ColorSphere toner, HP Smart printing technology, and high resolution imaging.

The HP Color LaserJet 2605 series printer is designed together with the new HP ColorSphere toner and HP papers to provide optimized printing results. The new HP ColorSphere toner enables a wider range of color and higher gloss over previous HP color toners. HP ColorSphere toner particles are designed to be an extremely consistent size and shape. This consistency helps the particles fit together better on the page, giving you more consistent color in your prints, with subtle shades. Improved fusing technologies work in combination with the new toner for brilliant, intense colors every time you print.

Maintain your business, not your printer

Designed with ease-of-use, real-time status, and supplies management features, the HP Color LaserJet 2605 series printer delivers high-quality color, while lowering your total cost of ownership by minimizing printer downtime.

- HP Smart printing technology monitors and automatically adjusts print cartridge characteristics to ensure consistent print quality throughout cartridge life.⁵
- HP SureSupply helps you conveniently order supplies via the Internet when they are low.⁶
- There are only four easily-replaceable supplies for effortless printer maintenance.
- The two-line, 16-character display shows printer and supplies status at a glance.
- The HP Color LaserJet 2605 Toolbox provides easy remote access to printer settings, status information, the user's guide, and self-help and troubleshooting tips.

HP's commitment to reliability lowers your labor costs by virtually eliminating employee downtime due to troubleshooting and printer servicing. In fact, HP recently won its 14th award in a row from *PC Magazine's* "18th Annual Reader Satisfaction Survey." Readers evaluated printer manufacturers on a variety of criteria, including reliability and the quality of technical support.

Service and support from HP

HP's expert knowledge will help you make the most of your printer and ensure your equipment is running at peak efficiency. Start with a one-year, limited hardware, return to authorized service center warranty, backed by free telephone and Web support from the award-winning HP Customer Care. To further guarantee trouble-free operation, upgrade your printer with extended service and support options.

⁵ Using genuine HP supplies ensures availability of all HP printing features.
